

STATEMENT FROM SIMON 1AT070

19/06/2013

I confirm that upon my very best knowledge

1. That 11-meter radio transmissions from the car park of North American College ("HV4NAC) in Rome will count as 11-meter Division 138 - Vatican City State.
2. The extraterritorial area, which counts several buildings on Gianicolo hill, COMPRISES all of the parkinglots, sports complex and green areas of PNAC, all of them is necessary to reach by passing security control and gate of PNAC. This can be easily checked by comparing team photos with GoogleMaps and his StreetView function.
3. That North American College NAC is at "HV-land" and 100% valid as Vatican City State.
4. That "HV-land" is Division 138 at the 11-meter band.
5. That the list of links below confirms my knowledge:
